Equine Rescue Ambulance, Fair Hill Division Inc., a 501(c)3 nonprofit group, provides emergency rescue, stabilization, and transportation for downed and injured equine athletes. ERA is an all-volunteer, nonprofit, tax exempt organization that has provided a humane and dignified approach to large animal rescue since 2003. The Fair Hill Division was established in November of 2019 to expand our services in the tri-state area.

Our volunteers receive extensive training in technical large animal rescue. We will work with your on-site veterinarians to safely care for injured equines. Our ambulances are equipped with a variety of equipment including rescue glide, straps, and screens.

Our ambulances are available for stand by service during your event. Please contact us to discuss availability and prices.
